

# Prevent Window Falls

---

**Thousands of young children are killed or injured in falls from windows. Take the following steps to prevent window falls:**

- ✓ Be aware that window **screens will not** keep children from falling out of windows.
- ✓ Children love to look out windows - keep furniture away from windows to discourage children from climbing out.
- ✓ Safeguard your windows with window guards or window stops.
- ✓ Whenever possible, open windows from the top - not the bottom.
