#### Background Information

The City of Meriden is a small urban community located in central Connecticut with 60,868 residents. Meriden is a federal entitlement community and a state-designated "distressed" municipality. An analysis of the income levels from the 2010 US Census shows that the household income of 15,291 families in Meriden is below the Federal poverty level. Data from the 2000 US Census indicates that 48.8 percent of the City's households meet the CDBG definition of an extremely low, very-low, or low-income household.

As a federal entitlement community, the City of Meriden is eligible to receive an annual allocation of federal Community Development Block Grant (CDBG) funding based on the federal allocation formula. The City of Meriden anticipates the availability of approximately \$778,500 in Community Development Block Grant Funds for the City's 2012-2013 fiscal year, which is CD Year 38. The City allocates CDBG funding on programs that primarily serve the low (80% of median income level), very low (50% of median income level), and extremely low (30% of median income level) income households in the City. (See Income Limits chart, attached, for detailed information regarding income classifications in Meriden.)

Each year, the City of Meriden solicits proposals from non-profit organizations, government agencies, and City of Meriden Departments that operate programs benefiting low- and moderate-income persons. The program is administered and monitored by the City's Office of Community Development, which is located in the Department of the City Manager. The City is authorized by federal regulations to spend up to \$220,000 of its CDBG entitlement funds on social service programs that benefit low- and moderate-income persons and up to 20 percent on general program administration. The remainder of the funding can be used for programs or projects that meet one of the three National Objectives and meet a Goal or Objective in the 2010-2015 Consolidated Plan. Projects eligible for funding include public service activities, public facility improvements, and housing activities.

Within the City's overall allocation of CDBG funds, a minimum of 70% of the funds must be used for programs or projects that meet the low- and moderate-income benefit objective. Governmental activities serving the City as a whole must demonstrate that 51% of the participants or beneficiaries of the program or project are low- and moderate-income households. Each CDBG funding recipient must agree to provide documentation of the income levels and other demographics of the participants in the program in order to comply with the federal regulations.

Purpose of the Request for Proposals (RFP)

The purpose of this RFP is to give eligible applicants information to respond to the opportunity to participate in the CDBG program. This RFP describes how to become a participant in CDBG program, applicant eligibility, project eligibility, types of permissible activities, and reporting requirements. Also included in the RFP are the Application Forms.

**Please note that the City will conduct an Application Workshop on Wednesday, January 18, 2012 at 5 P.M. in the City Manager's conference room. You are encouraged to attend the workshop, but attendance is not mandatory.**

**City of Meriden  
Office of Community Development  
142 East Main Street  
Room 218

All proposals must be received by 5:00 P.M., February 29, 2012, the City of Meriden, Office of Community Development, City Hall, Room 218, 142 East Main Street, Meriden, CT 06450.
